## ARRESTED BY PLATOONS.

ONE HUNDRED MINERS TAKEN IN  
CUSTODY BY DEPUTIES.

Charged With Violating the Injun-  
ctions--Fellow Strikers in an  
Ugly Mood.

By Wire to THE TELEGRAM.

FAIRMOUNT, W. Va., Aug. 18.—  
Over one hundred striking miners, in-  
cluding the Riverville band, were ar-  
rested at four o'clock this morning at  
the Montana Mines by United States  
Deputy Marshals. The charge is viola-  
tion of the injunction issued by  
United States circuit judge, Jackson.  
Arrangements are being made to trans-  
port the men to Clarksburg to appear  
before Judge Goff.

The fellow strikers of the men ar-  
rested are in an angry mood and  
trouble is probable before the prison-  
ers are landed at Clarksburg.

### REFUSE TO GO OUT.

New Men Will be Put in at Hermaine  
Mines.

By Cable to THE TELEGRAM.

GREENSBURG, Pa., Aug. 18.—It has  
been decided that there be no strike at  
the Arona Matalarona mines at Mad-  
ison. Three hundred miners held a  
meeting and only six voted to strike.  
They received the price for which the  
other miners are striking, and declared  
that they had no grievance.

It is said that the Hermaine miners  
will be given two days in which to re-  
turn to work, and after that new men  
will be put in if they still refuse to re-  
sume.

### GLENCAIRN WINS THE CUP.

The Momo Started Off in the Lead  
But Could Not Hold It.

By Wire to THE TELEGRAM.

MONTREAL, Aug. 18.—The Canadian  
boat, Glencairn, won the fourth inter-  
national one-rated race here today by  
two minutes and thirty-five seconds.

The Momo started off in the lead  
but could not keep up the speed.

This is the third victory for the Can-  
adian boat and gives her the cup.

### Exchange at 136 in Mexico.

By Wire to THE TELEGRAM.

MEXICO CITY, Aug. 18.—New York  
exchange sold here today as high as  
one thirty-six, but the majority of the  
transactions were at thirty-four and  
thirty-five. Considerable uneasiness  
prevails in government and banking  
circles, and it is believed silver has  
not yet reached its lowest point.

### Prince Henri Still Improving.

By Cable to THE TELEGRAM.

PARIS, Aug. 18.—The physicians of  
Prince Henri D'Orleans in their bulletin  
yesterday said the Prince continued  
to improve, and the danger of fatal  
results from the wound received in his  
duel with the Count of Turin was prac-  
tically past.

### They Are After Them.

By Wire to THE TELEGRAM.

WASHINGTON, D. C., Aug. 18.—The  
Civil Service Commission is over-  
whelmed with papers of examinations  
for government officers. The corps of  
examiners is working over time to pre-  
vent accumulations. More persons  
are being examined than ever be-  
fore.

### Dies Broken Hearted.

By Wire to THE TELEGRAM.

WASHINGTON, Aug. 18.—Thomas C.  
Clark, a Nebraska veteran who for  
many years held a position in the  
third auditor's office, dropped dead  
here from a broken heart because of  
his failure to be reinstated. He had  
been removed by Mr. McKinley.

### Fatalities of a Falling Elevator.

By Wire to THE TELEGRAM.

NEW YORK, Aug. 18.—Thomas Ber-  
lock, aged thirty, employed at the  
Waldorf Hotel was crushed to death  
by a falling elevator this morning,  
while repairing an elevator on the  
tenth floor. Edward Kelley, his as-  
sistant, was badly injured.

## GAGE THREATENS TO RESIGN.

Says Hanna's Lieutenant Must Not  
be Appointed Collector.

By Wire to THE TELEGRAM.

WASHINGTON, Aug. 18.—Secretary  
Gage today threatened to resign if Sen-  
ator Hanna's Louisiana Lieutenant,  
Wilberly, is appointed collector of the  
port of New Orleans.

The Secretary's decided stand is due  
to the infamous stories of Wilberly's  
character, which are being circulated.  
One story is to the effect that he de-  
liberately requested a mother to coun-  
tenance and assist in the dishonor of  
her daughter.

### HAD A LOADED REVOLVER.

Anarchist Arrested on the Train of  
President Faure.

By Cable to THE TELEGRAM.

LONDON, Aug. 18.—A dispatch from  
Paris this afternoon says that a man  
named Periar was arrested on the train  
which carried President Faure from  
Havre. The prisoner when arrested  
had a loaded revolver in his pocket.  
He is well known as a dangerous an-  
archist, who has already served a term  
of two years imprisonment for having  
an infernal machine in his possession.

By Wire to THE TELEGRAM.

PITTSBURG, Pa., Aug. 18.—Judges  
Stowe and Collier handed down their  
opinion in the miners' injunction case  
soon after 10 o'clock this morning.  
The decision makes permanent the pre-  
liminary injunctions against the strik-  
ers.

## BOMB FOR PRESIDENT FAURE.

AN ATTEMPTED ASSASSINATION--  
PARIS WILDLY EXCITED.

The Bomb Exploded only Ten Min-  
utes After Faure had Passed--  
To be Investigated.

By Cable to THE TELEGRAM.

PARIS, Aug. 18.—The departure of  
President Faure on a visit to the Czar  
at St. Petersburg, today, was marked  
by a scene of the greatest excitement,  
accompanied by the circulation of the  
wildest kind of rumors.

After the departure of the President  
a bomb was exploded on the route  
along which he had just passed, al-  
though no damage was done.

Intense excitement still prevails and  
rumors are current that it was an at-  
tempt to assassinate Faure.

The explosion occurred ten minutes  
late. The bomb was cylindrical in  
form and had a covering of yellow pa-  
per. It was filled with gun powder,  
mixed with long-head nails.

Experts, after examining the bomb,  
said that it was a comparatively harm-  
less affair.

An official investigation will be  
made.

### Offshoot of Indianapolis Conference.

mittee of the Indianapolis monetary  
conference is holding an executive  
session here today.

### Eckels in a Trust at Last.

By Wire to THE TELEGRAM.

WASHINGTON, Aug. 18.—It is po-  
sitively stated that Comptroller Eckels  
has accepted the presidency of the Col-  
onial Trust Company.

### Plate Glass Broken.

The plate glass for the new front of  
the Greensboro Hardware Co., arrived  
today, and when it was unpacked the  
two largest pieces were found to be  
broken. The pieces broken were 62x102  
inches. There was no insurance.  
This is quite a loss, as plate glass  
of this size is very costly, costing in  
the neighborhood of thirty-five or  
forty dollars.

## SPANISH GOVERNMENT MUM.

TELEGRAPHIC COMMUNICATION IS  
FORBIDDEN.

In Regard to Angiolillo--Significant  
Visit to the Queen--Arrival  
of Minister Woodford.

By Cable to THE TELEGRAM.

MADRID, Aug. 18.—The Spanish gov-  
ernment has forbidden all telegraphic  
and telephonic communication relative  
to Angiolillo. It is generally believed,  
while nothing is definitely known, that  
he will be executed either tomorrow or  
Friday.

The visit of General Azcarra, act-  
ing Premier and Minister of War, to  
the Queen Regent at St. Sebastian, is  
regarded as significant in view of the  
fact that he is known to have expressed  
the belief that under the circum-  
stances a definitely constituted minis-  
try is absolutely necessary to deal ad-  
equately with the situation which now  
confronts Spain. This is especially  
true in view of the arrival in Madrid  
of the new United States Minister  
Woodford.

### WAR RAGING IN INDIA.

Wild Tribesmen Rising by Thousands  
to Overwhelm the British.

By Cable to THE TELEGRAM.

SIMLA, India, Aug. 18.—News com-  
ing in here fully confirm the report  
that the Afridis are rising in force in  
force in the Basear Valley and the  
Orakzair have joined them. This  
afternoon the whole frontier seems to  
be inflamed and the Afridis are march-  
ing through Chyber Pass upon Jam-  
rud while the Orakzairs are marching  
by way of Kurrane and threatening  
Samana and points beyond. The  
thirty-seventh regiment of Sikhs has  
been ordered to concentrate at Fort  
Lockhart immediately to be ready to  
check further advance of the tribesmen  
if possible.

### Another Report.

LONDON, August 18.—A dispatch  
to the Times from Simla says at  
least 3,000 tribes were engaged. The  
batteries prevented risking a fight at  
close quarters, but about 1,000 held on  
for some time. Then as the infantry  
attacked developed they fled, and when  
the other 2,000 saw their line of retreat  
threatened, they moved rapidly away.

Lieut. Graves, of the Lancashire Fu-  
siliers, and Lieut. Maclean, adjutant  
of guides, were killed, and Capt. Pal-  
mer seriously wounded.

Lieut. Maclean met his death while  
trying to carry away the body of Lieut.  
Graves. The dispatch adds:  
"The whole border still seems to be  
in a state of fanatical unrest."

A special dispatch from Simla says  
that General Blood directed the centre  
of the attack. Colonel Mieskeljohn oc-  
cupying the heights to the right of the  
enemy's position. The Swatis were  
strongly entrenched and maintained a  
steady fire. It is believed that Gen-  
eral Blood will make further advances  
today, (Wednesday). There is no  
longer any doubt that Afghans are  
involved in the rebellion, which as  
yet is in no wise suppressed. Such is  
the condition of things now that the  
slightest check to British arms would  
be the signal for a general revolt.

SIMLA, Aug. 18.—A reconnaissance in  
the Sal Valley discovered the enemy  
to be entrenched in the hills between  
Jalala and Landa, confirming the re-  
ports of the gathering in force of the  
Upper Swatis, Bonerwals and Hindu-  
stania fanatics.

General Blood brought his field guns  
into action against the strong en-  
trenchments of the enemy, demolishing  
the works, whereupon the insurgent  
tribesmen fled.

Co., brokers and dealers in stocks,  
cotton and grain, retire from business  
today. T. J. Hodgen, senior member

The new firm will be known as Heald

firm.

## A CHARMING SUBURB.

J. Van Lindley's Thriving Nurseries  
at Pomona.

One of the best roads leading out  
from Greensboro for a drive, or spin  
on the wheel, is the highway leading  
out to Pomona, our charming little  
suburb down the Southern. This little  
village has been built up entirely by  
the enterprising Mr. J. Van Lindley  
and is composed almost altogether of  
those connected with the nursery there.  
He has, so the manager told us, 940  
acres of land in the farm there, 300 of  
which is used for nurseries and the  
balance for general farming. No fruit  
is grown on the place for sale at all  
but the whole time of the managers and  
the forty hands employed is devoted  
to growing and marketing of the hun-  
dreds of thousands of fruit and shade  
trees that the firm supplies every year.  
The number of trees of all kind sent  
out by Mr. Van Lindley in the course  
of a year runs up to over a million.  
This vast number is distributed over  
all the States from Pennsylvania to  
the Mississippi river; in all Southern  
States general agents are maintained  
who look after the business of the  
firm in the State where stationed.  
The managers take especial pride in  
their fine green houses and flowers.  
At this season of the year, when flowers  
flourish in the open air, roses are  
blooming in profusion here and there  
all over the place; in winter the finest  
varieties may be had at the green  
houses. Mr. Van Lindley has origina-  
ted several species, both of fruits and  
flowers, of which he is justly proud.

### THE YASHIMA.

One of the Greatest Fighting Machines  
Ever Constructed.

WASHINGTON, Aug. 18.—Members  
of the navy department were much in-  
terested in the report of the Yashima,  
the new Japanese battleship built in  
England.

She is said to be the fastest battle-  
ship afloat, and is claimed from the  
showing made on her trial trip that she  
one of the greatest fighting machines  
ever built.

The Yashima is 372 feet long, 72 feet  
beam and 26.3 feet draft, and has 12-  
400 tons displacement. Under 14 air  
pressure for four hours she made 19.22  
knots, and a single hour 19.46 knots.  
She has the best armor, ranging in  
thickness from 18 to 14 inches. Naval  
officers say that there is no equal to  
her in point of speed and while there  
is some discussion as to the amount  
of coal she will consume there seems  
to be no question as to her splendid  
equipment as a battleship.

## THAT "ADDITIONAL DUTY."

IT WOULD appear that a very objectionable feature crept into the new tariff law, and now Mr. Dingley and his associates are raising the old cry of "didn't know it was loaded." During the conference of the House and Senate on the tariff bill, a clause was inserted imposing an additional duty of ten per cent. on all goods imported into this country by way of Canada. This has the effect of forcing all eastern importers to use the American Pacific lines exclusively for goods brought from China and Japan, and shuts out the competition of the Canadian Pacific. When this little harmless excrescence was discovered, great was the howl that went up from all New England. It made the granite hills of New Hampshire dance on their bases and spoiled Mr. Dingley's summer vacation. When all the tea drinking spinsters of Boston peered over their spectacles at Mr. Dingley with a peer that had many cubic yards of the east wind in it, no wonder the eminent legislator shivered off his suspender buttons in August, and said he didn't do it.

It does not concern folks down here very materially one way or the other; we long ago became reconciled to paying the piper to pipe for somebody else; we may be permitted to enjoy the little practical joke. The American Pacific has shown the Massachusetts jobber that when it comes to legislative swindling it is not to be grinned at. Collis P. don't blow out the gas when he goes to Washington—nor blow about anything else to speak of; but what he does can be judged from the size of the howl aforesaid.

Meantime there is another piece of legislation that is seeking in vain for a father. As the age of the Dingley law increases, it becomes more and more apparent that, like man, it is fearfully and wonderfully made. It would be a compliment to Mr. Dingley's intelligence and patriotism if he could disown the whole lay out.

The Atlanta Journal delivers itself as follows: "We have recently beaten the English at rowing and at tennis and a string of American racers is going over next spring to scoop in the big purses at the British race courses. Let the good work go on!" It is very evident that the blowing is going on what ever may happen to the good work. We have beaten John Bull at his favorite games, outwitted him in diplomacy, twisted the tail of his lion, scared him out of his boots, etc.—on paper. But it is noticeable that when it comes to solid comforts; when it is a question of dollars and cents or territory or heiresses, he usually comes in on the home stretch.

AERONAUT Felt seems to have reached the conclusion that, while walking down from Pike's Peak was less expeditious than sailing in a balloon, there was a big, wide margin of safety about the former method of locomotion that was not to be despised. He declined to "get off the earth" and will probably never ride on a thicker layer of air than can be squeezed into a pneumatic tire.

THE fact that "all desire to unite with us has disappeared in Canada" need not cause us any sleepless nights. We have ground enough to scamper on, and resources enough to live upon and problems enough to think about, and above all, a hard enough time governing ourselves as it is. We have no need of the great northwest and the Catholic school question and Hudson Bay. The Canuck can spare himself all worry. He can just "shinny on his own side" and keep his sweet self all to himself.

We presume it is taken for granted that the Southern States get their share of benefits from the Dingley bill in the form of protection against the usual August drouth. You are too modest by half, brethren. Speak up and claim what is due you.

THERE are few people who will be surprised to hear that Comptroller Eckles is to become president of the Colonial Trust. His tastes and talents eminently fit him for that position.

## THE CAMP MEETING.

Large Crowd in Attendance and Much Interest Manifested.

The camp meeting now in progress at Muir's chapel promises to be the best in years. Good crowds are in attendance and much interest is being taken in the services by Christian workers, both ministers and laymen.

Dr. Weaver preached a strong sermon yesterday afternoon, and at night Rev. A. A. Crater, of Asheboro, occupied the pulpit, preaching a short but excellent sermon.

It was the intention of those having the meeting in charge to close about Thursday, but the interest is such that it will probably continue over next Sunday.

## BRODIE CONDEMNED.

Respect for Law in the Old North State Rewarded.

It took a jury at Henderson, composed of nine white men and three negroes, just seven minutes to reach a verdict in the case of George Brodie, charged with assault at Kittrell.

The case was given to the jury at 12:30 and at 12:37 they returned a verdict of guilty, fixing the penalty at death, and on the 1st day of September he will expiate his crime on the gallows.

Perfect order prevailed at the trial, which occupied only three hours. The negro showed absolute composure all through the trial and did not seem in the least disconcerted when the death sentence was pronounced by Judge Brown. The defendant refused to take the stand and had no witnesses present. No plea was made in his defense by counsel.

## A Daily Occurrence.

It is next to impossible for us to keep track of the new buildings that are going up in our city, for contracts are let almost daily for their erection.

The latest we have heard of is a neat cottage Col. S. H. Boyd is having erected on East Lee street, just between B. C. Sharpe's residence and Grace Methodist Protestant church.

## Injunctions in Illinois.

St. Louis, Mo., Aug. 18.—A special from Cairo, Ill., says Judge Vickers granted an injunction at Murphysboro, commanding the marching strikers to desist from trespassing on the grounds or interfering in any way with the employees of the Muddy Valley Mining and Manufacturing Company, the Muddy Valley mines, and also from entering on the lands of W. P. Halliday.

## Arkansas Coal Diggers' Strike.

LITTLE ROCK, Aug. 18.—Two hundred coal miners at Witteville, Scott county, have gone on strike. The strike has no connection with the Eastern coal miners' strike, but is due to a disagreement between the company and miners as to the price of powder. To prevent trouble a small force of deputy marshals have been placed at the mines to guard them.

## NEWS OF THE TAR HEEL STATE.

Nothing of importance was done at  
the session of the Board of Equalization  
yesterday.

Dock Miller committed suicide in  
Ashe county because his sweetheart re-  
fused to marry him.

Crops, which were unusually prom-  
ising in the eastern part of the state,  
are now losing rapidly because of the  
drought.

It is announced that the Southern  
Railway will begin grading on the  
line from Mocksville to Mooresville  
October 1.

The News and Observer of today con-  
tains a full page write up of Wake For-  
est College, with pictures of the faculty  
and buildings.

Frank Spruill, of Henderson, was  
seriously hurt by being thrown from a  
runaway bicycle yesterday. He was  
thrown against the railroad track, in-  
flicting a serious cut on the face.

The State Treasurer yesterday re-  
ceived \$26,709.06 from railroads for  
state taxes. The A. C. L. paid \$19,-  
509.93; the S. A. L. \$6,208.28, and the  
Wilmington, Newbern and Norfolk,  
\$990.85.

The finance committee of Raleigh  
has issued an address to the people of  
that city, asking them to vote \$50,000  
in bonds for improvement of streets,  
and promising to employ only citizens  
of Raleigh in the work.

Superintendent Mebane has awarded  
the four Peabody scholarships that  
come to this State to the following: W.  
M. Stancell, of Jackson; J. V. Simms,  
of Dillsboro; Miss Blanche Dupuy, of  
Davidson; Miss Emma Conn, of Ral-  
eigh.

Work has begun on the railway from  
Ridgeway to Richmond and will be  
pushed rapidly to completion. It is  
said that northern capitalists are in-  
vesting in the enterprise, and it has no  
lack of funds to carry on the work.

The Board of Directors of the pen-  
itentiary meets tomorrow afternoon. It  
is expected that all the old employees  
left will be dismissed and new ones of  
a different political faith substituted.  
Captain John Smith, the superin-  
tendent, will, it is said, oppose such a  
step just at this time, on the ground  
that in several instances it will seri-  
ously impair the efficiency of his force.

The Secretary of State yesterday in-  
corporated the Laboring Union of  
Roxboro, Person county, for a period  
of twenty years. The capital stock of  
the company is to be \$20,000, divided  
into 10,000 shares of \$2 each, and its  
object is to conduct a general mer-  
chandise business and promote the  
prosperity and happiness of all its  
members by their co-operative labor.

### THE SOUTH.

The Rich Lands of the South to be  
Taken up by Settlers.

The New Orleans Picayune concludes  
a leading editorial on "The South for  
Farmers" as follows:

"As to the rich lands of the South-  
ern States, they will not be filled up  
with young men from the cities, but  
by farmers from the old States, or  
from those retreating from the harsh  
and severe climate of the Northwest.  
Those are the people who have for  
several years been coming into Louis-  
iana. They are escaping from the  
wind-swept plains of several of the  
Northwestern States, and are realizing  
that it is just as easy to grow rice,  
cotton and sweet potatoes in the Gulf  
States as it was to make wheat and  
rye in the States a couple of thousand  
miles north, while the ease and comfort  
of living in the South are of themselves  
sufficient inducements to attract em-  
igrants from a region where they are  
engaged every year in many months  
of struggle with the rude forces of  
winter.

"There is going to be a steady flow  
of population to the rich lands of the  
South, but it will not be made up of  
young men from the cities. They will  
live on their friends, or by their wits,  
and loaf on street corners and undergo  
many more hardships; but they will  
not work on farms. The agricultural  
country of the Northwest is largely  
occupied by farmers from Germany,  
Denmark, Norway and Sweden, and  
other countries of the north of Europe.  
They are accustomed to rude and harsh  
winter climates. As they will fill up  
that section of the country, the Amer-  
icans who live there will gradually  
move southward.

"In the meantime, young men from  
the farms will continue to flock to the  
cities as they have been doing for  
years in the past, and the city popula-  
tion will continue to grow at the same  
rapid rate which has been the rule for  
the past thirty years."

### May be Reinstated.

The Raleigh city officials are stirred  
up over the matter of the suspension  
of their chief-of-police a few days ago  
by Mayor Russ. The police commit-  
tee met Monday and heard evidence in  
the matter, and it was decided to re-  
port favorably to reinstatement.

Charlie Norwood is the deposed  
chief, and he has friends here who  
are glad to see him reinstated.  
It strikes us that the Raleigh officials  
are having a deal of trouble with their  
police force this year. If we mistake  
not, there have been several suspen-  
sions and the like.

## SUMMIT AVENUE SETTLED.

### AGREEMENT REACHED BY MR. CONE AND THE ATTORNEY.

#### The Right of Way for this Much Talked of Avenue Is Now Complete.

Attorney R. D. Douglas and Cesar Cone came to an agreement today, by which the latter secures right of way over the land of Mrs. R. P. Dick for Summit avenue. The deal was made by exchanging the right of way over Mrs. Dick's land for some other land lying on the same street. It will be remembered that this was the case that gave so much trouble in securing right of way for the street proposed. After the Board of Aldermen had decided adversely to Mrs. Dick, her attorney took appeal to the superior court and the matter gave promise of almost indefinite litigation. Now the suit will be withdrawn and litigation stopped. This completes the right of way for the avenue we understand, all the rest having been secured by purchase direct or by condemnation. The city according to agreement with Mr. Cone was to macadamize the street, while he was to secure the right of way, by purchase if possible, if not to pay the cost of condemnation. Mr. Cone has now completed his part of the contract and it only remains for the city to do what was stipulated in the agreement.

#### Counterfeiting Dog Checks.

Counterfeiting is a common crime, but a colored citizen of Greensboro has gone into the business on a new scale.

A day or so ago one of our policemen found a dog that was wearing the wrong kind of check. When the policeman called on the owner of the canine he said he had purchased the check from Peter Wagstaff, who claimed that he had a surplus supply of checks on hand and would dispose of a few at the low price of fifty cents each, the town charging a dollar.

Upon close examination it was found that the check in question was one of the key checks belonging to Clegg's Hotel. Pete was about to be caught in a snap, but he is an old offender and has been there many times before. He refunded the other colored fellow his fifty cents and kept out of trouble.

#### West's Excursion.

Jim West's excursion from Danville to Asheville got in today at 12:30, carrying a small crowd. Two more cars were attached to the train here, making seven passenger cars in all. Unless the crowd increases considerably at other points, not half the cars will be filled.

Quite a number boarded the train at this place, among whom we noticed Rev. and Mrs. L. W. Crawford, Mrs. W. A. Sharp, Mrs. Bob Gilmer, Dr. John Gilmer and Henry Gilmer and wife.

#### A Pleasant Occasion.

A delightful dinner was given in honor of Mr. James M. Phipps and bride at the home of Mr. and Mrs. Wm. H. Phipps, eight miles southeast of the city, yesterday. A large number of invited guests were present and the happy occasion will long be remembered.

John and Will Stewart went out from the city to attend the reception.

#### Excursion to Wilmington.

Cal. Donnell's excursion from Mt. Airy to Wilmington, over the C. F. & Y. V., passed through today about noon. The crowd was rather small, though doubtless some got on lower down the road.

Another excursion is to be run from Mt. Airy to Wilmington next week and this no doubt kept many from going today.

#### To Go to Charlotte.

Geo. N. Adams, who has been managing Daniel's bicycle repair shop for some months, has accepted a position in Charlotte, and will leave Greensboro next Monday.

Mr. Adams is a clever young gentleman, and has made many friends here, who regret to see him leave.

#### A Twin Canteloupe.

A TELEGRAM man saw quite a curiosity this morning in the shape of a twin canteloupe. It was grown by Jesse Buck, who lives two or three miles east of the city. Mr. Buck brings a load to town every day, but this is the first twin one he has grown.

Both melons are of good shape and perfect form.

#### Will Be Tried Next Week.

Luke Richardson, the negro who attempted a criminal assault on Miss Seifert some weeks ago, and who is now confined in Forsyth county jail, will be brought here for trial next week. The case will probably not be called before the latter part of the week.

## "PLAN OF THE AGES."

### A Fine Address at the Friends Church Last Night.

Rev. J. Walter Malone, of Cleveland, Ohio, addressed a good crowd at the Friends church last night on "The Plan of the Ages." Mr. Malone is a man of more than ordinary ability, and as a student of Bible literature he has few equals.

His address last night was fully up to the standard, and all who were so fortunate as to hear him were highly pleased and entertained. He took up the different ages of the world and discussed their spiritual condition, beginning with man in the Garden of Eden and coming on up to the present time.

Mr. Malone is one of the leading spirits in the Friends church in this country, though he is still a young man, being only about thirty-five years old. He has been assisting in the Biblical Institute at Guilford College, to which place he returned this morning.

## INVESTIGATE AND INVEST.

### Good Record of The People's Five Cent Savings Bank.

By fair dealing and strict attention to business this excellent institution has completed the tenth year of its existence WITHOUT THE LOSS OF A SINGLE DOLLAR. Through the boom and the darkest hours of the subsequent panics this institution has kept the even tenor of its way, onward and upward, until it has reached the figures published in today's TELEGRAM. If you will apply at their banking house on South Elm street, the officers will gladly furnish all the information in their power. We hope to say something more in regard to this matter.

### Keeley's New Quarters.

Mr. R. Percy Gray showed us the plans by which the old Governor Morehead homestead, Blandwood, is being remodeled. The work is moving on rapidly and when finished the building will be greatly enlarged and improved. The design of the architect shows thirty rooms. A new arcade is being built on the right front, an addition is being made at the rear which will contain dining and sleeping rooms and the house is being repainted. The location is one of the most beautiful in the city, with its broad lawn, shaded by ancestral oaks, gently sloping toward the street, and its quiet surroundings it makes an ideal place for rest and recuperation. He has rented it to the Keeley managers here and the Institute will move into it when the work is done.

We are pleased to note that O. R. Teague, who was stricken with nervous prostration a few days ago, is improving.
